

TECHNICAL SPEC SHEET

LIGHTING:

All lighting runs from it's own independent 32A single phase power supply, with an additional pair or 13A supplies for 'Hot Power' for extra lighting such as moving lights or L.E.D. units (non standard items that can be hired in if required). No form of power distribution is provided unless specified/hired in for an event. The power supply terminates in one 32A CEE Form single phase socket, and one twin 13A socket upstage right.

LIGHTING RIGGED AS STANDARD:

8 x Source Four multi-Par lights with wide lenses fitted. Four rigged on back wall

1 x bar (back wall of stage) and four rigged on front of house 1 x bar No1.

8 additional multi-par lights are sometimes available to use, rigged on two downstage booms, but be aware they are not always available!

1 x Six way DMX dimmer pack (basic built in control)

7 x Club/Disco FX lights (including a laser), 3 rigged on Back wall 1x bar,

1 rigged in roof alcove, 3 rigged on 'Disco' 1x bar above front of house mixing/DJ booth.

1 x Large Mirror Ball, rigged on front of house 1x bar No2, with own pin spot.

1 x Large Smoke machine, located in front of house mixing/DJ booth, used for parties & club nights.

Hazers for lighting FX can be hired in at cost.

Additional lighting is available if requested.

We can arrange intelligent moving head units, L.E.D. lights, profile spots and other theatrical lights and FX.

Private hires of venue and promotions requiring additional lighting, can hire it in at cost to the promoter/promotion/party organiser.

(Events promoted by venue management will generally have extra lighting supplied.)

Operation and technical support for additional lighting is also charged extra to hire.

NO RIGGING or hanging of lights of any kind shall be allowed in the venue without prior arrangement with both venue management and technical staff. A full risk assessment, and certificates will be required. Any additional lighting units or other electrical items brought into the venue MUST be P.A.T. Tested, with current certificates available to view.
